A powerful fairy named Maleficent lives in the Moors, a magical forest realm bordering a corrupt human kingdom. As a young girl, she befriends and falls in love with a human peasant boy named Stefan, whose affection for Maleficent is overshadowed by his ambition to become king. As the two grow older, they become estranged, and Maleficent becomes protector of the Moors. When King Henry tries to conquer the Moors, Maleficent commands primeval forces and makes him retreat. Mortally wounded in battle, he declares that whoever kills Maleficent will be named his successor and will marry Princess Leila, his only daughter.
