If you haven't seen the Sky Sports broadcast featuring Livingston Cricket Club, here is your chance. You will know that we were very lucky to have Hannah Short as our Overseas Amateur player this summer and it is fair to say that Hannah made a massive impact within the club at many levels. We really wanted to do something special this year when looking for an Overseas Amateur and the opportunity to bring in Hannah and to promote ladies cricket in Scotland was too good an opportunity to miss. The culmination of Hannah's time with us was the filming of this article which features a number of the key members of our coaching team, we hope you enjoy the broadcast.

Our next step in promoting ladies cricket is the introduction of the Girls Regional Development Centre which is being run in collaboration with Cricket Scotland, more details on how to get involved can be found on our website.
